

If you would like to be included in the website www.portobelloartmarket.com for the Art Market please could you e-mail me (ASAP)

ALL OR ANY OF THE FOLLOWING :

- Your **name**
- Copy of both sides of your **business card**
- **Contact details** (E-mail / tel / studio address if you like but I wouldn't suggest including your home address)
- Your own website, or any other relevant websites or blogs or facebook page etc
- **6 images** - with titles +/- prices - Please send these as you want them shown & don't expect me to be able to second guess & crop appropriately. However if you don't have a way of cropping it then tell me what you want cut off and I will do it for you.
- Don't worry about changing files sizes of images.
- Please rename your image files with your name and title of the work : all in small case and a _instead of a space. e.g. laura_mcdonagh_blue_dog_brooch. If you don't know how to do this don't worry about it.
- A **brief description** about you and / or your work - having a lazy streak in me, I would appreciate it if you could type out exactly what you want to see on the website, so I can just copy and paste it in the appropriate place. Don't fret about it too much as you can just e-mail me to change it at any time.
- **Prices** or price range
- Whether you are interested in doing **commissions**
- Days you are likely to be doing the market, or just say regular / occasional
- Anything else you would like to be included.

I am always updating and tweaking the website but if you notice anything please let me know - the more critical eyes on it the better.
